RE: Training Agreement

The city of Decatur is fortunate to have employees at all levels of the organization who are very knowledgeable in the technical and theoretical aspects of their jobs, and who have a considerable depth of practical experience in their chosen fields of public service. The city has always invested in technical skill development, but it has not invested as much in employees' leadership, supervisory and "soft skills." Soft skills include leadership concepts, managing teams, delegation methods, effective communications, time and project management, proper uses of power and influence, conflict management, creative and analytical problem-solving, motivating others, coaching subordinates, understanding different work styles and personality traits and connecting this to the workplace, as well as change management.

Too many organizations neglect the importance of "soft" people-skills training—especially in their supervisors and managers. This kind of interactive training was sidelined for a few years, in part, by COVID; but even before the pandemic, some organizations assumed that these aspects of managing and leading others was something employees would somehow pick-up on their own. I believe that soft skills and leadership training is one of the most effective ways to invest in the future of the organization and in the city's current supervisors and managers.

After discussions with several potential vendors, we have developed a customized training program just for the city of Decatur with a provider specializing in delivering this kind of training to local governments—LeaderGov. All but two of the training sessions will involve in-person learning. A summary of the training sessions is attached. Only LeaderGov was willing to create a program customized to the city of Decatur. The FY 2023 budget sets aside \$24,900 for this training, and this amount is included in the budget's line-item detail. However, the cost of the program will be \$36,000 plus faculty travel expenses, so council approval is required to move forward. If the contract is approved by the council, the training sessions will take place over several months, and conclude before the holidays. The expenditure differential will be charged either to council contingency or to the travel and training line items of individual departments who will make up the initial cadre of 15 to 18 participants.

RE: Agreement with Old King's Orchard Community Center (OKO,CC) for Violence Intervention Services

In addition to the CDBG-CV monies previously provided by the city to the OKO,CC for urban agriculture and a recreational field, it is recommended that the City Council now authorize the city manager to enter into a separate agreement with OKO,CC for violence prevention and youth intervention services—funded by Senator Turner's Community Development & Violence Prevention grant in the amount of \$215,000—in accordance with the attached documentation.

The City Council has already approved a general grant agreement with the State of Illinois for the disbursement of Senator Turner's grant funds. The original grant summary envisions this program expenditure, along with certain other Police Department specialized equipment purchases, and the previously announced and approved urban agriculture project with The Good Samaritan Inn. These different grant components, in the aggregate, total \$1 million.

The attached program description from the Old Kings Orchard Community Center summarizes the enactment of this portion of the Senator Turner grant, specifically setting aside monies for violence intervention and prevention in Decatur. Sadly, some violent offenders have already embraced the gang life to such an extent that this program may not turn them around. But many others, often youthful offenders or "gang wannabes", are not yet hardened and can still be diverted from destructive behaviors that lead to violence, if they are exposed to the right kind of interventions, coaching, connection to alternative activities, personal mentoring and other individualized appeals.

While this violence intervention program is a one-time investment by the city and the State of Illinois, the OKO Community Center has identified a funding source for a continuation of this program, if it is judged to be successful.

Scott W. Wrighton  
City Manager  
City of Decatur, Illinois  
One Gary K. Anderson Plaza  
Decatur, Illinois 62523-1196

Dear Mr. Wrighton:

Old King's Orchard Community Center ("OKO") is a 501(c)(3) nonprofit organization whose broadly stated mission is to provide a safe, healthy environment that offers opportunities for youth, adults, and families to improve their quality of life. We serve a part of our community that is often left behind. As much as possible, we believe in offering our participants a hand-up, as opposed to a hand-out.

We appreciate the opportunity to submit the following proposal for a violence prevention program named OKO Peace. We are seeking funding of \$215,000 from the City of Decatur to effectively implement this program and contribute to the betterment of our community by helping to prevent violence and promote peace. A breakdown of the anticipated expenditures for this initiative is attached.

**Program Description:** OKO Peace is a proactive violence prevention program that aims to intervene and transform lives before individuals resort to violence and other destructive behaviors. This program is designed with a systematic approach that begins with collaboration with the city police department to identify individuals who are at risk of violent behavior but can still be reached and guided towards a better path.

Once identified, our specially trained employees and subcontractors, known as "Interrupters", will make initial contact with these individuals. These Interrupters are tasked with breaking the immediate cycle of violence and identifying others within the individual's circle who might be considering a similar path. For example, we often hear from individuals caught up in illicit street activity that they do not want their younger siblings to follow in their footsteps. By offering to assist these family members we will gain instant credibility and help put a stop to the revolving door that so many of our youth find themselves entering.

The next stage involves another set of specially trained personnel, referred to as "Influencers", who will work closely with the identified individuals to understand the underlying issues contributing to their destructive behavior. These Influencers will develop a custom curriculum

Wrighton, Scott W.

August 2, 2023

Page 2 of 2

tailored to each individual's unique circumstances, providing them with resources and strategies to avoid violent behavior.

**Progress payments:** We propose that the City of Decatur provide funding in monthly progress payments. Each month, OKO will submit an invoice detailing the costs associated with employee/contractor compensation and other expenses required to operate the program. This method ensures accountability and transparency of fund usage.

**Evaluation and Reporting:** The progress of each individual within the program will be recorded and reported to the OKO Executive Director on a monthly basis. All communications, meetings, and activities will be documented, ensuring a clear view of each individual's journey. Identifying and sensitive details will be carefully omitted to protect each individual's privacy. This anonymized information will be made available to City officials upon request, allowing you to monitor the program's effectiveness and progress.

**Sustainability:** As the requested funding from the City is a one-time grant, OKO is committed to seeking additional and continuous funding sources to ensure the longevity of the OKO Peace program beyond the exhaustion of the grant funds. Our goal is to create a sustainable model that can be used for ongoing anti-violence initiatives in the city's urban core.

With our locations in central and eastern Decatur, we are ideally situated to meet the needs of our community and target population. The overarching aim of OKO Peace is not only to intervene in immediate potential violent situations but also to disrupt the cycle of violence by providing preventive resources and support to the family and friends of identified individuals.

We understand that this work is a journey with potential successes and setbacks. However, we firmly believe that by investing in our community's most vulnerable and laying a strong foundation of trust and mentorship, we can create a lasting impact and a safer community for all.

Thank you for allowing OKO to submit this proposal. We look forward to working together to achieve our shared goals of a safer, more peaceful Decatur.

RE: Proposed Creation of a New Tax Increment Financing (TIF) District

Presented for consideration are two separate agenda items which, taken together, begin the process of creating a new tax increment financing (TIF) district. A map illustrating the proposed boundaries of the new TIF district is attached; but the City Council will not be asked to finalize or formalize the map and district boundaries for many more months. Final approval of the TIF district (tentatively in January 2024) will legally set the boundaries, finalize a redevelopment plan, and begin the district's 23-year life. Between now and January, the city will contact property owners in the proposed district, conduct hearings, develop a plan for the use of TIF incentives, and comply with other legal requirements.

As recently as 2 years ago, the city of Decatur had 7 TIF districts. Since then, the Southeast TIF District was closed in 2021 and the Olde Town Redevelopment Area TIF will be closed at the end of 2023. The Near North TIF will close in approximately 3 years. The city of Decatur has been a good steward of its TIF districts—meaning it has not used TIF resources beyond the limits of each district's redevelopment plan, and the city has *not* sought to extend any of its TIFs as permitted by statute. However, with the exception of the Olde Town Redevelopment Area TIF, Decatur's TIF districts have all been single-developer driven or single-project driven districts. In other words, they have mostly been narrow in scope, and were created to help specific developers (sometimes at their request). One TIF district aided construction of the current police station; two helped Niemann Foods retail projects; two others helped different retail owner/developers on Mt. Zion Road; and one assisted the Wabash Crossing affordable housing project. TIF districts must lie wholly within the city's corporate limits.

TIF is one of the most effective economic development tools available to Illinois local governments, and it is more important now than ever before. It works by diverting the incremental property taxes created by new development into a special TIF fund administered by the city. The funds can only be used on development and redevelopment costs specifically authorized by state statute, AND which are listed and described in the council-adopted redevelopment plan for the district. For example, the law allows the use of TIF to support rehabilitation and remodeling of existing structures, but not for new construction of privately owned buildings. TIF does NOT raise property taxes, and it keeps local taxing bodies 'whole' because no local taxing district loses any of its existing equalized assessed value (EAV), or the taxes they historically receive from the EAVs in the district at the time it is created. Only the new increment is diverted, and only for the life of a project, or 23-years, whichever is less. Then the higher values are restored to the tax base, and all local taxing bodies then share the increment. TIF aids projects that would not materialize without such assistance.

The proposed TIF District anticipates: 1) providing TIF incentives to redevelopment projects that likely would not proceed if TIF was unavailable; and 2) providing long-term funding for neighborhood revitalization in the “Neighborhood United” section of the city, along with portions of several other adjacent neighborhoods. Investing in this section of the city’s urban core will help keep EAVs from declining (thus helping all local taxing districts that have territory inside the TIF district). A TIF district should be balanced, meaning that improvements in areas of the district that will not generate much increment should be weighed against areas of the district that can be expected to generate net increments—thereby stabilizing the entire district’s values when the district expires. The commercial and retail projects the proposed TIF district could assist include: the Barnes-Citizen Building, the Garfield School/Garfield Park/Lexington catalyst project, Fairview Plaza, the Oakwood District, the former Woodrow Wilson School block, one of the former Akorn Pharmaceutical factories (only the West Grand facility), and other selected central business district properties.

Several existing non-residential sites need to be redeveloped in the proposed district, or they will continue to deteriorate and eventually need to be demolished. Remodeling, renovation and repurposing of older site and buildings is expensive, and often needed redevelopment projects do not advance because of financial limitations—especially in the current economic environment. The glut of unused office space, and antiquated land and building uses, makes this problem especially acute in Decatur. In many circumstances, TIF can make the difference between a project that advances and one that does not.

In June, city staff released a request-for-proposals (RFP) to TIF legal and land use consultants. We received six professional proposals. After a careful review of all the proposals, and interviews with the top candidates, it is recommended that the City Council approve a consulting services agreement with PGAV/Armstrong Teasdale of St. Louis. PGAV will serve as the lead, and they will be assisted by the law firm of Armstrong Teasdale. Decatur has historically outsourced its TIF legal work. PGAV has considerable experience in formulating and managing TIF districts for Downstate Illinois home rule cities like Champaign, Springfield, Urbana, Galesburg, Bloomington and others. They also appeared to bring the highest level of creativity and mixed-use planning experience, and they can meet the city’s desired schedule.

In addition to approving a resolution for professional services with PGAV, it is also recommended that the City Council adopt an inducement resolution formally setting in motion a 4 to 5 month process leading to final approval of a new tax increment financing district.

DESIGNATION OF A PORTION OF THE CITY OF DECATUR, ILLINOIS AS A  
REDEVELOPMENT PROJECT AREA  
AND  
TO INDUCE DEVELOPMENT INTEREST  
WITHIN SUCH AREA**

---

**WHEREAS**, the City of Decatur (the “City”) is authorized under the provisions of the Illinois Tax Increment Allocation Redevelopment Act, *65 ILCS 11-74.4-1, et seq.* (the “Act”), to finance redevelopment project costs in connection with redevelopment project areas established in accordance with the conditions and requirements set forth in the Act; and

**WHEREAS**, pursuant to the Act, to implement tax increment financing (TIF), it is necessary for the City to adopt a redevelopment plan(s), redevelopment project(s), designate a redevelopment project area(s) on the basis of finding that the area(s) qualify pursuant to statutory requirements, and make a finding that the redevelopment project area on the whole have not been subjected to growth and development through private enterprise and would not reasonably be anticipated to be developed without the adoption of a redevelopment plan, which plan contains a commitment to use public funds; and

**WHEREAS**, the City desires to undertake a feasibility study to determine whether findings may be made with respect to an area of the City, generally described herein, which may be added to an existing redevelopment project area, to qualify the area as a “blighted area” as defined in the Act and applicable to vacant land, and other research necessary to document the lack of growth and development through private enterprise; and

**WHEREAS**, the exact extent and boundaries of the amended redevelopment project area are not precisely defined at this time but the general area being considered is delineated on Exhibit A attached hereto, and that the actual redevelopment project area to be established may contain more or less land than that shown on Exhibit A; and

**WHEREAS**, the City has retained PGAV Planners, LLC of 200 North Broadway, Suite 1000, St. Louis, Missouri 63102, to undertake such feasibility study to: (a) determine if all or a portion of the proposed TIF area qualifies under the Act; (b) amend the existing redevelopment plan; and (c) assist with the process of review and approval of said amended redevelopment plan; and

**WHEREAS**, the City will be expending certain funds to determine eligibility of the proposed redevelopment project area and to prepare the required redevelopment plan amendment if the City decides to implement tax increment financing for all or a portion of the proposed TIF area; and

**WHEREAS**, the City may expend other funds in furtherance of the objectives of the anticipated redevelopment plan; and

**WHEREAS**, it is the intent of the City to recover these expenditures from proceeds of the TIF program, if established; and

**WHEREAS**, the City wishes to encourage developers and property owners to pursue plans for the redevelopment of the area and make such expenditures as are reasonably necessary in that regard with confidence that said expenditures may be allowable redevelopment project costs under the plan once adopted and subject to a redevelopment agreement between the City and the developer and/or property owner; and

**WHEREAS**, the purpose of the proposed redevelopment plan and project is to generate private investment in the targeted area, thereby eliminating or reducing blighted conditions and provides for the long-term sound growth of the community; and

**WHEREAS**, tax increment allocation financing utilizes the increase in real estate taxes ("tax increment") resulting from the increase in value of properties located in a redevelopment project area to pay for certain redevelopment project costs as provided for in the Act; and

**WHEREAS**, given that none of the purposes of the proposed redevelopment plan or proposed redevelopment project area is not reasonably expected to result in the displacement of residents from ten (10) or more inhabited residential units within the area, the feasibility study is not required to include the preparation of any housing impact study as described in Section 11-74.4-4.1 (b) of the Act.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Decatur, Illinois as follows:

1. That the City Council hereby finds that all of the recitals contained in the preamble to this Resolution are true, correct, and complete, and said recitals are hereby incorporated by reference hereto and made part hereof.

2. That the City Council has examined the proposed area and circumstances and at this time believes that it is reasonable to believe that a tax increment financing plan can be adopted for said area and expenditures of development costs in furtherance of the plan and potential development should be allowable project costs under the plan, provided that this resolution is not a guarantee that any such plan will be adopted, but rather an expression of the intent of the City at this time.

3. The person to contact for additional information about the proposed redevelopment project area and who should receive all comments and suggestions regarding the redevelopment of the area shall be:

The due date of all required submissions set forth in this Paragraph is the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) nine (9) months after the end of the Grantee's audit period.

(c) Financial Statement Audit. If, during its fiscal year, Grantee expends less than \$750,000 in Federal Awards, Grantee is subject to the following audit requirements:

(i) If, during its fiscal year, Grantee expends \$500,000 or more in State Grants, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Government Auditing Standards (GAGAS). Grantee may be subject to additional requirements in **PART TWO**, **PART THREE** or **Exhibit G** based on the Grantee's risk profile.

(ii) If, during its fiscal year, Grantee expends less than \$500,000 in State Grants, but expends \$300,000 or more in State Grants, Grantee must have a financial statement audit conducted in accordance with the Generally Accepted Auditing Standards (GAAS).

(iii) If Grantee is a Local Education Agency (as defined in 34 CFR 77.1), Grantee shall have a financial statement audit conducted in accordance with GAGAS, as required by 23 Ill. Admin. Code 100.110, regardless of the dollar amount of expenditures of State Grants.

(iv) If Grantee does not meet the requirements in subsections 15.3(b) and 15.3(c)(i-iii) but is required to have a financial statement audit conducted based on other regulatory requirements, Grantee must submit those audits for review.

(v) Grantee must submit its financial statement audit report packet, as set forth in 44 Ill. Admin. Code 7000.90(h)(2) and the current GATA audit manual, to the Grantee Portal within the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) 6 months after the end of the Grantee's audit period.

15.4. "For-Profit" Entities.

(a) This Paragraph applies to Grantees that are "for-profit" entities.

(b) Program-Specific Audit. If, during its fiscal year, Grantee expends \$750,000 or more in federal pass-through funds from State Grants, Grantee is required to have a program-specific audit conducted in accordance with 2 CFR 200.507. The auditor must audit federal pass-through programs with federal pass-through Awards expended that, in the aggregate, cover at least 50 percent (0.50) of total federal pass-through Awards expended. The audit report packet must be completed as described in 2 CFR 200.507 (program-specific audit), 44 Ill. Admin. Code 7000.90 and the current GATA audit manual, and must be submitted to the Grantee Portal. The due date of all required submissions set forth in this Paragraph is the earlier of (i) 30 calendar days after receipt of the auditor's report(s) or (ii) nine (9) months after the end of the Grantee's audit period.

(c) Financial Statement Audit. If, during its fiscal year, Grantee expends less than \$750,000 in federal pass-through funds from State Grants, Grantee must follow all of the audit requirements in Paragraphs 15.3(c)(i)-(v), above.

(d) Publicly-Traded Entities. If Grantee is a publicly-traded company, Grantee is not subject to the single audit or program-specific audit requirements, but is required to submit its annual audit conducted in accordance with its regulatory requirements.

15.5. Performance of Audits. For those organizations required to submit an independent audit report, the audit is to be conducted by the Illinois Auditor General (as required for certain governmental entities only), or a Certified Public Accountant or Certified Public Accounting Firm licensed in the State of Illinois or in accordance with Section 5.2 of the Illinois Public Accounting Act (225 ILCS 450/5.2). For all audits required to be performed subject to Generally Accepted Government Auditing standards or Generally Accepted Auditing standards, Grantee shall request and maintain on file a copy of the auditor's most recent peer review report and acceptance letter. Grantee shall follow procedures prescribed by Grantor for the preparation and submission of audit reports and any related documents.

15.6. Delinquent Reports. When such audit reports or financial statements required under this ARTICLE are prepared by the Illinois Auditor General, if they are not available by the above-specified due date, they will be provided to Grantor within thirty (30) days of becoming available. Otherwise, Grantee should refer to the State of Illinois Grantee Compliance Enforcement System for the policy and consequences for late reporting. 44 Ill. Admin. Code 7000.80.

**ARTICLE XVI  
TERMINATION; SUSPENSION; NON-COMPLIANCE**

16.1. Termination.

(a) This Agreement may be terminated, in whole or in part, by either Party for any or no reason upon thirty (30) calendar days' prior written notice to the other Party. If terminated by the Grantee, Grantee must include the reasons for such termination, the effective date, and, in the case of a partial termination, the portion to be terminated. If Grantor determines in the case of a partial termination that the reduced or modified portion of the Award will not accomplish the purposes for which the Award was made, Grantor may terminate the Agreement in its entirety. 2 CFR 200.340(a)(4).

(b) This Agreement may be terminated, in whole or in part, by Grantor without advance notice:

(i) Pursuant to a funding failure under Paragraph 4.1;

(ii) If Grantee fails to comply with the terms and conditions of this or any Award, application or proposal, including any applicable rules or regulations, or has made a false representation in connection with the receipt of this or any Grant;

(iii) If the Award no longer effectuates the program goals or agency priorities as set forth in Exhibit A, PART TWO or PART THREE; or

(iv) If Grantee breaches this Agreement and either (1) fails to cure such breach within 15 calendar days' written notice thereof, or (2) if such cure would require longer than 15 calendar days and the Grantee has failed to commence such cure within 15 calendar days' written notice thereof. In the event that Grantor terminates this Agreement as a result of the breach of the Agreement by Grantee, Grantee shall be paid for work satisfactorily performed prior to the date of termination.

16.2. Suspension. Grantor may suspend this Agreement, in whole or in part, pursuant to a funding failure under Paragraph 4.1 or if the Grantee fails to comply with terms and conditions of this or any Award. If suspension is due to Grantee's failure to comply, Grantor may withhold further payment and prohibit Grantee from incurring additional obligations pending corrective action by Grantee or a decision to terminate this Agreement by Grantor. Grantor may determine to allow necessary and proper costs that Grantee could not reasonably avoid during the period of suspension.

16.3. Non-compliance. If Grantee fails to comply with the U.S. Constitution, applicable statutes, regulations or the terms and conditions of this or any Award, Grantor may impose additional conditions on Grantee, as described in 2 CFR 200.208. If Grantor determines that non-compliance cannot be remedied by imposing additional conditions, Grantor may take one or more of the actions described in 2 CFR 200.339. The Parties shall follow all Grantor policies and procedures regarding non-compliance, including, but not limited to, the procedures set forth in the State of Illinois Grantee Compliance Enforcement System. 44 Ill. Admin. Code 7000.80 and 7000.260.

16.4. Objection. If Grantor suspends or terminates this Agreement, in whole or in part, for cause, or takes any other action in response to Grantee's non-compliance, Grantee may avail itself of any opportunities to

object and challenge such suspension, termination or other action by Grantor in accordance with any applicable processes and procedures, including, but not limited to, the procedures set forth in the State of Illinois Grantee Compliance Enforcement System. 2 CFR 200.342; 44 Ill. Admin. Code 7000.80 and 7000.260.

16.5. Effects of Suspension and Termination.

(a) Grantor may credit Grantee for expenditures incurred in the performance of authorized services under this Agreement prior to the effective date of a suspension or termination.

(b) Grantee shall not incur any costs or obligations that require the use of these Grant Funds after the effective date of a suspension or termination, and shall cancel as many outstanding obligations as possible.

(c) Costs to Grantee resulting from obligations incurred by Grantee during a suspension or after termination of the Agreement are not allowable unless:

(i) Grantor expressly authorizes them in the notice of suspension or termination; and

(ii) The costs result from obligations properly incurred before the effective date of suspension or termination, are not in anticipation of the suspension or termination, and the costs would be allowable if the Agreement was not suspended or terminated. 2 CFR 200.343.

16.6. Close-out of Terminated Agreements. If this Agreement is terminated, in whole or in part, the Parties shall comply with all close-out and post-termination requirements of this Agreement. 2 CFR 200.340(d).

**ARTICLE XVII  
SUBCONTRACTS/SUB-GRANTS**

17.1. Sub-recipients/Delegation. Grantee may not subcontract nor sub-grant any portion of this Agreement nor delegate any duties hereunder without Prior Approval of Grantor. The requirement for Prior Approval is satisfied if the subcontractor or sub-grantee has been identified in the Uniform Grant Application, such as, without limitation, a Project Description, and Grantor has approved. Grantee must notify any potential sub-recipient that the sub-recipient shall obtain and provide to the Grantee a Unique Entity Identifier prior to receiving a subaward. 2 CFR 25.300.

17.2. Application of Terms. Grantee shall advise any sub-grantee of funds awarded through this Agreement of the requirements imposed on them by federal and state laws and regulations, and the provisions of this Agreement. The terms of this Agreement shall apply to all subawards authorized in accordance with Paragraph 17.1. 2 CFR 200.101(b)(2).

17.3. Liability as Guaranty. Grantee shall be liable as guarantor for any Grant Funds it obligates to a sub-grantee or sub-contractor pursuant to Paragraph 17.1 in the event the Grantor determines the funds were either misspent or are being improperly held and the sub-grantee or sub-contractor is insolvent or otherwise fails to return the funds. 2 CFR 200.345; 30 ILCS 705/6; 44 Ill. Admin. Code 7000.450(a).

**ARTICLE XVIII  
NOTICE OF CHANGE**

18.1. Notice of Change. Grantee shall notify the Grantor if there is a change in Grantee's legal status, federal employer identification number (FEIN), DUNS Number, UEI, SAM registration status, Related Parties, senior management (for non-governmental grantees only) or address. 30 ILCS 708/60(a). If the change is anticipated, Grantee shall give thirty (30) days' prior written notice to Grantor. If the change is unanticipated, Grantee shall give notice as soon as practicable thereafter. Grantor reserves the right to take any and all appropriate action as a result of such change(s).

18.2. Failure to Provide Notification. To the extent permitted by Illinois law, Grantee shall hold harmless Grantor for any acts or omissions of Grantor resulting from Grantee's failure to notify Grantor of these changes.

18.3. Notice of Impact. Grantee shall immediately notify Grantor of any event that may have a material impact on Grantee's ability to perform this Agreement.

18.4. Circumstances Affecting Performance; Notice. In the event Grantee becomes a party to any litigation, investigation or transaction that may reasonably be considered to have a material impact on Grantee's ability to perform under this Agreement, Grantee shall notify Grantor, in writing, within five (5) calendar days of determining such litigation or transaction may reasonably be considered to have a material impact on the Grantee's ability to perform under this Agreement.

18.5. Effect of Failure to Provide Notice. Failure to provide the notice described in Paragraph 18.4 shall be grounds for immediate termination of this Agreement and any costs incurred after notice should have been given shall be disallowed.

#### ARTICLE XIX STRUCTURAL REORGANIZATION AND RECONSTITUTION OF BOARD MEMBERSHIP

19.1. Effect of Reorganization. Grantee acknowledges that this Agreement is made by and between Grantor and Grantee, as Grantee is currently organized and constituted. No promise or undertaking made hereunder is an assurance that Grantor agrees to continue this Agreement, or any license related thereto, should Grantee significantly reorganize or otherwise substantially change the character of its corporate structure, business structure or governance structure. Grantee agrees that it will give Grantor prior notice of any such action or changes significantly affecting its overall structure or, for non-governmental grantees only, management makeup (for example, a merger or a corporate restructuring), and will provide any and all reasonable documentation necessary for Grantor to review the proposed transaction including financial records and corporate and shareholder minutes of any corporation which may be involved. This ARTICLE XIX does not require Grantee to report on minor changes in the makeup of its board membership or governance structure, as applicable. Nevertheless, **PART TWO** or **PART THREE** may impose further restrictions. Failure to comply with this ARTICLE XIX shall constitute a material breach of this Agreement.

#### ARTICLE XX AGREEMENTS WITH OTHER STATE AGENCIES

20.1. Copies upon Request. Grantee shall, upon request by Grantor, provide Grantor with copies of contracts or other agreements to which Grantee is a party with any other State agency.

**ARTICLE XXI  
CONFLICT OF INTEREST**

21.1. Required Disclosures. Grantee must immediately disclose in writing any potential or actual Conflict of Interest to the Grantor. 2 CFR 200.113 and 30 ILCS 708/35.

21.2. Prohibited Payments. Grantee agrees that payments made by Grantor under this Agreement will not be used to compensate, directly or indirectly, any person currently holding an elective office in this State including, but not limited to, a seat in the General Assembly. In addition, where the Grantee is not an instrumentality of the State of Illinois, as described in this Paragraph, Grantee agrees that payments made by Grantor under this Agreement will not be used to compensate, directly or indirectly, any person employed by an office or agency of the State of Illinois whose annual compensation is in excess of sixty percent (60%) of the Governor's annual salary, or \$106,447.20. An instrumentality of the State of Illinois includes, without limitation, State departments, agencies, boards, and State universities. An instrumentality of the State of Illinois does not include, without limitation, municipalities and units of local government and related entities. See definition of "Local government," 2 CFR 200.1.

21.3. Request for Exemption. Grantee may request written approval from Grantor for an exemption from Paragraph 21.2. Grantee acknowledges that Grantor is under no obligation to provide such exemption and that Grantor may, if an exemption is granted, grant such exemption subject to such additional terms and conditions as Grantor may require.

**ARTICLE XXII  
EQUIPMENT OR PROPERTY**

22.1. Purchase of Equipment. For any equipment purchased in whole or in part with Grant Funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439, the costs for such equipment will be disallowed. Grantor shall notify Grantee in writing that the purchase of equipment is disallowed.

22.2. Prohibition against Disposition/Encumbrance. Any equipment, material, or real property that Grantee purchases or improves with Grant Funds may not be sold, transferred, encumbered (other than original financing) or otherwise disposed of during the Grant Term without Prior Approval of Grantor unless a longer period is required in PART TWO or PART THREE and permitted by 2 CFR Part 200 Subpart D. Any real property acquired or improved using Grant Funds must comply with the requirements of 2 CFR 200.311. Grantee acknowledges that real property, equipment, and intangible property that are acquired or improved in whole or in part by Grant Funds are subject to the provisions of 2 CFR 200.316 and the Grantor may require the Grantee to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with this Award and that use and disposition conditions apply to the property.

22.3. Equipment and Procurement. Grantee must comply with the uniform standards set forth in 2 CFR 200.310–200.316 governing the management and disposition of property which cost was supported by Grant Funds. Any waiver from such compliance must be granted by either the President's Office of Management and Budget, the Governor's Office of Management and Budget, or both, depending on the source of the Grant Funds used. Additionally, Grantee must comply with the standards set forth in 2 CFR 200.317-200.326 for use in establishing procedures for the procurement of supplies and other expendable property, equipment, real property and other services with Grant Funds. These standards are furnished to ensure that such materials and services are obtained in an effective manner and in compliance with the provisions of applicable federal and state statutes and executive orders.

22.4. Equipment Instructions. Grantee must obtain disposition instructions from Grantor when equipment, purchased in whole or in part with Grant Funds, are no longer needed for their original purpose. Notwithstanding anything to the contrary contained within this Agreement, Grantor may require transfer of any equipment to Grantor or a third party for any reason, including, without limitation, if Grantor terminates the Award or Grantee no longer conducts Award activities. The Grantee shall properly maintain, track, use, store and insure the equipment according to applicable best practices, manufacturer's guidelines, federal and state laws or rules, and Grantor requirements stated herein.

22.5. Domestic Preferences for Procurements. In accordance with 2 CFR 200.322, as appropriate and to the extent consistent with law, the Grantee should, to the greatest extent practicable under this Award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this paragraph must be included in all subawards and in all contracts and purchase orders for work or products under this Award.

#### ARTICLE XXIII PROMOTIONAL MATERIALS; PRIOR NOTIFICATION

23.1. Publications, Announcements, etc. Use of Grant Funds for promotions is subject to the prohibitions for advertising or public relations costs in 2 CFR 200.421(e). In the event that Grant Funds are used in whole or in part to produce any written publications, announcements, reports, flyers, brochures or other written materials, Grantee shall obtain Prior Approval for the use of those funds (2 CFR 200.467) and agrees to include in these publications, announcements, reports, flyers, brochures and all other such material, the phrase "Funding provided in whole or in part by the [Grantor]." Exceptions to this requirement must be requested, in writing, from Grantor and will be considered authorized only upon written notice thereof to Grantee.

23.2. Prior Notification/Release of Information. Grantee agrees to notify Grantor ten (10) days prior to issuing public announcements or press releases concerning work performed pursuant to this Agreement, or funded in whole or in part by this Agreement, and to cooperate with Grantor in joint or coordinated releases of information.

#### ARTICLE XXIV INSURANCE

24.1. Maintenance of Insurance. Grantee shall maintain in full force and effect during the Term of this Agreement casualty and bodily injury insurance, as well as insurance sufficient to cover the replacement cost of any and all real or personal property, or both, purchased or, otherwise acquired, or improved in whole or in part, with funds disbursed pursuant to this Agreement. 2 CFR 200.310. Additional insurance requirements may be detailed in **PART TWO** or **PART THREE**.

24.2. Claims. If a claim is submitted for real or personal property, or both, purchased in whole with funds from this Agreement and such claim results in the recovery of money, such money recovered shall be surrendered to Grantor.

#### ARTICLE XXV LAWSUITS AND INDEMNIFICATION

25.1. Independent Contractor. Neither Grantee nor any employee or agent of Grantee acquires any employment rights with Grantor by virtue of this Agreement. Grantee will provide the agreed services and achieve the specified results free from the direction or control of Grantor as to the means and methods of performance. Grantee will be required to provide its own equipment and supplies necessary to conduct its business; provided, however, that in the event, for its convenience or otherwise, Grantor makes any such equipment or supplies available to Grantee, Grantee's use of such equipment or supplies provided by Grantor pursuant to this Agreement shall be strictly limited to official Grantor or State of Illinois business and not for any other purpose, including any personal benefit or gain.

25.2. Indemnification and Liability.

(a) **Non-governmental entities**. This subparagraph applies only if Grantee is a non-governmental entity. To the extent permitted by law, Grantee agrees to hold harmless Grantor against any and all liability, loss, damage, cost or expenses, including attorneys' fees, arising from the intentional torts, negligence or breach of contract of Grantee, with the exception of acts performed in conformance with an explicit, written directive of Grantor. Indemnification by Grantor will be governed by the State Employee Indemnification Act (5 ILCS 350/1 *et seq.*) as interpreted by the Illinois Attorney General. Grantor makes no representation that Grantee, an independent contractor, will qualify or be eligible for indemnification under said Act.

(b) **Governmental entities**. This subparagraph applies only if Grantee is a governmental entity. Neither Party shall be liable for actions chargeable to the other Party under this Agreement including, but not limited to, the negligent acts and omissions of Party's agents, employees or subcontractors in the performance of their duties as described under this Agreement, unless such liability is imposed by law. This Agreement shall not be construed as seeking to enlarge or diminish any obligation or duty owed by one Party against the other or against a third party.

**ARTICLE XXVI  
MISCELLANEOUS**

26.1. Gift Ban. Grantee is prohibited from giving gifts to State employees pursuant to the State Officials and Employees Ethics Act (5 ILCS 430/10-10) and Executive Order 15-09.

26.2. Access to Internet. Grantee must have Internet access. Internet access may be either dial-up or high-speed. Grantee must maintain, at a minimum, one business e-mail address that will be the primary receiving point for all e-mail correspondence from Grantor. Grantee may list additional e-mail addresses at any time during the Term of this Agreement. The additional addresses may be for a specific department or division of Grantee or for specific employees of Grantee. Grantee must notify Grantor of any e-mail address changes within five (5) business days from the effective date of the change.

26.3. Exhibits and Attachments. **Exhibits A** through **G**, **PART TWO**, **PART THREE**, if applicable, and all other exhibits and attachments hereto are incorporated herein in their entirety.

26.4. Assignment Prohibited. Grantee acknowledges that this Agreement may not be sold, assigned, or transferred in any manner by Grantee, to include an assignment of Grantee's rights to receive payment hereunder, and that any actual or attempted sale, assignment, or transfer by Grantee without the Prior Approval of Grantor in writing shall render this Agreement null, void and of no further effect.

26.5. Amendments. This Agreement may be modified or amended at any time during its Term by

mutual consent of the Parties, expressed in writing and signed by the Parties.

26.6. Severability. If any provision of this Agreement is declared invalid, its other provisions shall not be affected thereby.

26.7. No Waiver. No failure of either Party to assert any right or remedy hereunder will act as a waiver of either Party's right to assert such right or remedy at a later time or constitute a course of business upon which either Party may rely for the purpose of denial of such a right or remedy.

26.8. Applicable Law; Claims. This Agreement and all subsequent amendments thereto, if any, shall be governed and construed in accordance with the laws of the State of Illinois. Any claim against Grantor arising out of this Agreement must be filed exclusively with the Illinois Court of Claims. 705 ILCS 505/1 *et seq.* Grantor does not waive sovereign immunity by entering into this Agreement.

26.9. Compliance with Law. This Agreement and Grantee's obligations and services hereunder are hereby made and must be performed in compliance with all applicable federal and State laws, including, without limitation, federal regulations, State administrative rules, including 44 Ill. Admin. Code 7000, and any and all license requirements or professional certification provisions.

26.10. Compliance with Confidentiality Laws. If applicable, Grantee shall comply with applicable state and federal statutes, federal regulations and Grantor administrative rules regarding confidential records or other information obtained by Grantee concerning persons served under this Agreement. The records and information shall be protected by Grantee from unauthorized disclosure.

26.11. Compliance with Freedom of Information Act. Upon request, Grantee shall make available to Grantor all documents in its possession that Grantor deems necessary to comply with requests made under the Freedom of Information Act. (5 ILCS 140/7(2)).

26.12. Precedence.

(a) Except as set forth in subparagraph (b), below, the following rules of precedence are controlling for this Agreement: In the event there is a conflict between this Agreement and any of the exhibits or attachments hereto, this Agreement shall control. In the event there is a conflict between PART ONE and PART TWO or PART THREE of this Agreement, PART ONE shall control. In the event there is a conflict between PART TWO and PART THREE of this Agreement, PART TWO shall control. In the event there is a conflict between this Agreement and relevant statute(s) or rule(s), the relevant statute(s) or rule(s) shall control.

(b) Notwithstanding the provisions in subparagraph (a), above, if a relevant federal or state statute(s) or rule(s) requires an exception to this Agreement's provisions, or an exception to a requirement in this Agreement is granted by GATU, such exceptions must be noted in PART TWO or PART THREE, and in such cases, those requirements control.

26.13. Illinois Grant Funds Recovery Act. In the event of a conflict between the Illinois Grant Funds Recovery Act and the Grant Accountability and Transparency Act, the provisions of the Grant Accountability and Transparency Act shall control. 30 ILCS 708/80.

26.14. Headings. Article and other headings contained in this Agreement are for reference purposes only and are not intended to define or limit the scope, extent or intent of this Agreement or any provision hereof.

26.15. Entire Agreement. Grantee and Grantor acknowledge that this Agreement constitutes the entire agreement between them and that no promises, terms, or conditions not recited, incorporated or referenced herein, including prior agreements or oral discussions, shall be binding upon either Grantee or Grantor.

26.16. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be considered to be one and the same agreement, binding on all Parties hereto, notwithstanding that all Parties are not signatories to the same counterpart. Duplicated signatures, signatures transmitted via facsimile, or signatures contained in a Portable Document Format (PDF) document shall be deemed original for all purposes.

26.17. Attorney Fees and Costs. Unless prohibited by law, if Grantor prevails in any proceeding to enforce the terms of this Agreement, including any administrative hearing pursuant to the Grant Funds Recovery Act or the Grant Accountability and Transparency Act, the Grantor has the right to recover reasonable attorneys' fees, costs and expenses associated with such proceedings.

26.18. Continuing Responsibilities. The termination or expiration of this Agreement does not affect: (a) the right of the Grantor to disallow costs and recover funds based on a later audit or other review; (b) the obligation of the Grantee to return any funds due as a result of later refunds, corrections or other transactions, including, without limitation, final Indirect Cost Rate adjustments and those funds obligated pursuant to ARTICLE XVII; (c) the Consolidated Year-End Financial Report; (d) audit requirements established in ARTICLE XV; (e) property management and disposition requirements established in 2 CFR 200.310 through 2 CFR 200.316 and ARTICLE XXII; or (f) records related requirements pursuant to ARTICLE XII. 44 Ill. Admin. Code 7000.450.

## STAFF REPORT

To: Lisa Gregory, Mayor Pro Tem  
City Council Members  
City Manager Scot Wrighton  
From: Chief Shane Brandel  
Subject: Council Resolution – ILETSB Recruiting and Retention Grant Award

---

## BRIEFING ITEM

---

### **RECOMMENDED ACTION:**

Approve by resolution the acceptance of the 2023-2024 ILETSB Recruiting and Retention Grant.

### **BACKGROUND:**

The Illinois Law Enforcement Training and Standards Board opened a \$10,000,000.00 ‘Officer Recruitment and Retention Grant Program’ with the purpose to provide financial assistance to units of local government, public institutions of higher education, and qualified nonprofit entities for the purpose of hiring and retaining law enforcement officers. The Decatur Police Department applied for the grant with a requested budget award of \$100,000.00. The department was awarded the full requested budget amount and the current resolution is to accept the grant award.

The requested \$100,000.00 budget breaks down as follows:

\$50,000.00 – Digital/targeted marketing  
\$10,000.00 – billboards/static displays  
\$10,000.00 – website development for a new DPD recruitment page  
\$25,000.00 – minority recruitment consultant and services  
\$5,000.00 – college and career fairs

Recruiting of new police officers has been a top priority of the DPD for the last few years. With that, the costs to recruit officers and market the department has drastically increased. In 2021, DPD spent approximately \$12,000.00 on recruiting efforts. In 2022, that amount increased to \$92,000.00. So far this year, the figure has exceeded \$42,000.00.

Since January of 2020, the department has hired 61 new officers but experienced a loss of 64 officers due to resignations or retirements. Today the department also operates with 12 vacancies.

Recruitment must remain at the forefront of the department’s initiatives moving forward. Our hope is to gain full-strength in 2024, and then maintain a staffing level at or just below our authorized strength. However, the department still has many officers eligible for retirement and we anticipate 23 retirements in the next 5 years. That coupled with officers that will resign for other reasons highlights that our department must remain focused and dedicated to recruitment for the next several years.

This ILETSB grant runs from 7/1/23 – 6/30/24.

**MEMO:**

**TO:** Mayor Pro-Tem Lisa Gregory & Decatur City Council Members

**FROM:** Scot Wrighton, City Manager  
Lacie Elzy, Director, Transportation Services Department

**SUBJECT:** Resolution Accepting the Proposal and Authorizing the Execution of an Agreement for Professional Services for the Electric Vehicle Readiness Plan with CDM Smith.

**SUMMARY RECOMMENDATION:** It is recommended that the resolution and professional services agreement be approved.

**BACKGROUND:** The City Council has already approved a City-State Agreement with IDOT to conduct this planning step. Having an EV plan in place will better position the city to obtain future EV charging and other EV infrastructure grants. City staff had to take added time to modify the scope of the CDM-Smith work to fit the constraints of the planning grant after the grant agreement with the State was executed.

**BUDGET/TIME IMPLICATIONS:** The state grant covers 80% of the planning project. The remaining 20% will be included in the city's 2024 budget.

**SUBJECT:** Resolution Authorizing Execution of a Professional Services Agreement for the Electric Vehicle Readiness Plan between CDM Smith and the City of Decatur.

**RECOMMENDATION:** It is recommended by staff that this item be approved, and the contract executed with CDM Smith.

**BACKGROUND:** The City of Decatur has been awarded an IDOT planning grant to develop an Electric Vehicle Readiness Plan (EVRP). The EV plan will serve as a technical resource to the City, providing analysis on current and anticipated future conditions; anticipated gaps in EV charging and other barriers to electrification; best practices for local governments in planning, zoning, permitting, and site design; and implementation strategies to address gaps and barriers.

The EV Plan will also serve as a policy document to the City in establishing its role in the emerging area of EV charging and provide guidance on implementation actions for the City to fill that role after the completion of the plan. The Decatur region is well-suited to accommodate electric vehicle infrastructure; through engagement with diverse stakeholders regarding their recommended implementation, the EV readiness plan will encourage business retention and relocation to Decatur.

CDM Smith has ample experience in implementing electronic vehicle readiness planning and were scored as the most qualified to develop our EVRP through a competitive Request for Qualifications procurement. Their proposal covered our desired outcomes, and we are optimistic in the choice to partner.

**POTENTIAL OBJECTIONS:** Staff is not aware of objections.

**STAFF REFERENCE:** Should the City Council have any questions, they may contact Jon Kindseth at 450-2323 or [jkindseth@decaturil.gov](mailto:jkindseth@decaturil.gov), Lacie Elzy at 542-3559 or [lelzy@decaturil.gov](mailto:lelzy@decaturil.gov)

**BUDGET/TIME IMPLICATIONS:** Execute Professional Services Agreement for the Electric Vehicle Readiness Plan.

**RESOLUTION NO. \_\_\_\_\_**

**RESOLUTION ACCEPTING THE PROPOSAL AND AUTHORIZING THE EXECUTION OF AN AGREEMENT FOR PROFESSIONAL SERVICES FOR THE ELECTRIC VEHICLE READINESS PLAN WITH CDM SMITH, INC.**

---

**WHEREAS**, The City of Decatur, Illinois, an Illinois municipal corporation and body politic (“City”) is a unit of local government pursuant to Article VII, Section 6 of the Illinois Constitution of 1970; and,

**WHEREAS**, the City desires an electric vehicle readiness plan for the preparation and implementation of electric vehicle infrastructure within the city; and,

**WHEREAS**, the City finds that this agreement with CDM Smith provides the desired outcomes for this project.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Decatur as follows:

**Section 1.** That the agreement for professional services for an Electric Vehicle Readiness Plan for the City of Decatur with CDM Smith as attached, and the same is hereby, received, placed on file, and approved.

**Section 2.** That the City Manager and the City Clerk of the City of Decatur be, and they are hereby, authorized and directed to execute, seal and attest an Agreement between the City of Decatur, Illinois and CDM Smith, for the services of a comprehensive operations analysis, as specified in their proposal.

## ATTACHMENT A

### Project Scope Statement/City of Decatur RFQ EVRP 2023

The scope for this project includes work necessary to develop an EV Readiness Plan (EVRP) for the City of Decatur (“the City”). The EVRP will serve as a technical resource to the City, providing analysis on current and anticipated future conditions; anticipated gaps in EV charging and other barriers to electrification; best practices for local governments in planning, zoning, permitting, and site design; and implementation strategies to address gaps and barriers. The EVRP will also serve as a policy document to the City in establishing its role in the emerging area of EV charging and provide guidance on implementation actions for the City to fill that role after completion of the plan. Outreach and Environmental Justice analysis to understand equity implications would help inform plan development. Stakeholder outreach and equity analysis is included as optional tasks should the City elect to include this work within the scope of services for the EVRP.

### Part A. Base Scope of Services

#### 1. Project Management

- 1.1. *Develop project management plan (PMP)* – Project management activities will begin with preparation of a comprehensive project management plan (PMP). Elements of this plan will include frequency and methods of communication, quality management procedures, staffing details, a project work plan, invoicing, change management, and project closeout procedures. A detailed schedule will also be developed and is assumed to be an 12 month schedule. This document will be delivered within two weeks of acceptance of the official notice to proceed (NTP). It is assumed that the PMP will undergo one round of review and revision.
- 1.2. *Project kickoff* – Following the execution of contract documents and NTP, CDM Smith will conduct a project kickoff meeting with the City project staff and the CDM Smith project team. The purpose of the kickoff meeting is to offer an opportunity to verify that CDM Smith’s understanding of project goals and critical success factors are aligned with the City. The kickoff meeting is also an opportunity to make any final adjustments to the following prior to project initiation: scope elements and delivery approach; additional inputs available from internal analysis; and schedule. CDM Smith will prepare the agenda, meeting-related documents, and detailed meeting notes. This meeting will be held in person at the City’s offices or other location of the City’s choosing and assumes travel for up to four CDM Smith staff.
- 1.3. *Communications* – This task is intended to address regular working meetings and status reporting not covered under specific scope items. All regular meetings are assumed to be remote/virtual unless otherwise specified.
- 1.4. *Monthly status calls* – Status calls will be held with the City of Decatur’s core project staff for up to 12 meetings. The purpose of these calls will be to provide updates on ongoing tasks, discuss project progress, and resolve any scheduling conflicts that may arise. During

these meetings CDM Smith will also discuss data needs and other items needed from the City to facilitate project progress. Each meeting will be attended by up to four CDM Smith staff.

- 1.5. *Monthly status reports* – Monthly status reports summarizing the work completed over the course of the month will be submitted with each invoice. A total of 12 reports are assumed to be submitted.
- 1.6. *Other meetings* – CDM Smith has scoped for up to four additional meetings of up to one hour each for currently unspecified purposes not already covered elsewhere in this scope of services. For cost-estimation purposes, one of these meetings are assumed to be held in-person. These may take the form of presentation of interim findings, meetings with City staff, or other stakeholder meetings not specified in the public outreach task described under Task 2. Direct costs are associated with travel for up to four staff for up to one occasion.
- 1.7. *Technical Review Committee* – An independent team of two senior technical staff will conduct an independent review of the analysis and recommendations and share findings and suggested edits to the draft report prior to submittal to the City of Decatur.

## 2. Current Conditions Assessment

CDM Smith has identified key components of an existing conditions report based on the guidance provided by the U.S. Department of Energy’s Electric Vehicle Readiness guide for local communities. The following scope of work reflects that guidance.

**2.1. Policy and Planning Environment.** CDM will summarize the existing national, state, and local regulatory and policy context to provide an understanding of what has already been accomplished. Examples may include brief synopses of the state Climate and Equitable Jobs Act and REV Act, and the federal Infrastructure Investment and Jobs Act and Inflation Reduction Act. This subtask will also review and local ordinances, plans, policies, or regulations relevant to EV charging, as provided by the client.

**2.2. Review of Publicly Available Data.** CDM Smith will review publicly available data to assemble the existing conditions report. Data analysis will include:

Existing charging infrastructure and related data:

- EV registrations for light duty vehicles in Macon County over the past five years using Illinois Secretary of State data

- EV charging facilities in Macon County by type, including number of ports, from the U.S. Department of Energy
- Alternative Fuel Corridors identified in or near Macon County from FHWA
- Ameren utility map indicating available capacity, as publicly available

Sociodemographic and land use data:

- Population and housing data. This data will likely be sourced from the US Census. If available, this data will also include housing stock data, such as locations of single family or multifamily housing. If not readily available, housing stock data will be proxied by the City’s current zoning data, submitted by the client in GIS format.
- Land use data. This data will include general land use types (e.g., commercial, residential, industrial, institutional, public right-of-way, public facilities), as well as key trip generators (e.g., major employment centers). It is assumed that the City will provide this data in GIS format.
- Environmental Justice populations by census tract, provided by either the federal Disadvantaged Communities tool or the Justice40 tool.

Travel Pattern Data. CDM Smith will leverage Replica to understand basic travel behavior in Macon County. Potential factors to be analyzed include the following:

- Trip Duration
- Trip Length
- Trip Purpose
- Origins and Destinations

Workforce Data. CDM Smith will use publicly available data (e.g., Bureau of Labor Statistics) to provide a snapshot of employment in Macon County with skillsets potentially related to Electric Vehicle Supply Equipment (EVSE).

**2.3. Review Existing Conditions.** – CDM Smith will prepare an existing conditions PowerPoint slide deck summarizing data collection and findings from subtasks 2.1 and 2.2. This document will not exceed 12 slides.

<ul style="list-style-type: none"> <li>▪ Existing Conditions PowerPoint deck</li> </ul>	<ul style="list-style-type: none"> <li>▪ None anticipated</li> </ul>

### 3 EV Trends and Forecasts

**3.1 EV Adoption Estimates.** Under this subtask, CDM Smith will develop a planning-level forecast of EV adoption in Macon County. CDM Smith will develop a planning-level, data-driven forecast of EV adoption rates using data sources such as the US Energy Information Administration and Bloomberg New Energy Finance. Other factors including state and federal EV incentives, recent EV adoption rates, and automaker commitments may also be reflected.

**3.2 EV Forecast.** The findings of the analysis completed in Task 3.1 will be summarized in a PowerPoint presentation not to exceed 10 slides. The presentation will be subject to one round of client review and revision.

<i>Deliverables</i>	<i>Direct Costs</i>
<ul style="list-style-type: none"><li>EV forecast PowerPoint presentation (up to 10 slides)</li></ul>	

### 4 Needs Assessment and Gap Analysis

**4.1 Identification of Needs and Gaps.** Leveraging technical outputs from Task 3 (existing conditions) and Task 4 (EV forecast and emerging tech), CDM Smith will develop an evaluation of EV charging infrastructure needs and gaps in the City and region. Considerations for this evaluation will include an analysis of geographic distribution, utility capacity, EV adoption and fleet penetration, equity, and workforce development needs. The evaluation will leverage City data and publicly available tools designed to assist in planning for EV charging infrastructure, including those made available from the U.S. Department of Transportation and Joint Office of Energy and Transportation (JOET).

**4.2 EV Charging Opportunities.** Leveraging EV fleet adoption forecasts, current charging station types and locations, utility data, and data and information provided by the City, CDM Smith will provide a planning-level review of the requirements that may be placed on the local electrical grid. CDM Smith will also provide planning-level guidance on the site-level engineering requirements to support either Level 2 or DCFC charging, including electrical equipment requirements, site design standards, and best practices for equitable access (e.g., ADA compliance and pricing and ownership considerations for the charging stations). The siting analysis will not include environmental or infrastructure conditions for individual sites. Leveraging the map of existing facilities developed in Task 3, CDM Smith will conduct GIS analysis to identify gaps in the current charging network and make recommendations to fill those gaps in an EV charging opportunities map.

**4.3 EV Needs Assessment and Gap Analysis PowerPoint.** The analysis above will be summarized in a PowerPoint slide deck not to exceed 12 slides. The slides will be subject to one round of client review and revision.

## 5 Best Practices Review

**5.1 Policy and Regulatory Review.** The CDM Smith team will conduct a review of local government best practices related to EV policies and regulations including building codes, permitting, zoning, and workforce development and training. Our team will review up to 5 plans based on publicly available documentation, direct firm experience, and City recommendations.

To inform the regulatory approach to EV readiness, our team will compile examples and best practices of codes that have been implemented by peer communities. This may include relevant code examples developed to reduce the barriers for implementing EV infrastructure within the following categories:

- Zoning
- Development
- Building
- Signage
- Parking
- Effective integration with and into existing electric grid
- Public-Private partnership opportunities
- Impact on local traffic patterns
- Public acceptance and impact on EV sales in the region

Our team will develop a best practices PowerPoint presentation and a matrix that identifies the regulatory best practices that are best suited to application within Decatur. The PowerPoint presentation will not exceed 10 slides in length. The submittal will include appendices for (1) a detailed matrix of best practices and (2) a checklist and guide for local government zoning and code reforms. The presentation will be subject to one round of client review and revision.

## 6 Deployment Strategy and Recommendations.

**6.1 Regulatory Framework.** To guide the development of implementation actions for the City, CDM Smith will develop a high-level regulatory framework. Potential elements may include the following:

- Overall vision and goal statements
- Strategy for the City of Decatur’s role in transportation electrification including review of physical assets such as right-of-way and City facilities
- Outline of roles and responsibilities of the various stakeholders, including federal, state, and local government agencies, consumers, EV supply equipment providers, utilities, and potential site hosts

**6.2 Deployment Strategy and Recommendations.** CDM Smith will develop a planning-level strategy and recommendations for the City regarding electric vehicle charging infrastructure placement and accessibility. The Deployment Strategy will be based on outcomes from Task 2 through Task 6 and will include a menu of implementation actions and matrix of funding options. Included in the analysis and final deliverable will be an assessment of resources needed for implementation, capital and operational costs, and potential procurement models and options. The PowerPoint slide deck will not exceed 15 slides and will include two rounds of review by the City.

The recommendations and key themes included in CDM Smith’s final report will be driven primarily by the findings from Tasks 2 through 6. Key outcomes will also include findings and recommendations about the following topics:

- Potential impact of electric vehicle charging on electrical grid (estimated using assumptions on number of vehicles charging, and temporal charging based on location assumptions). This will be in coordination with Decatur’s utilities to better understand how vehicle charging can be integrated into the system to minimize its impacts on the grid and power generation infrastructure.
- Recommendations for public charging locations that reflect the goals of the city. The quantity of EV charging will be based on NREL’s EV Pro-Lite tool, with inputs developed from the EV adoption model created in Task 4. The goals will be translated into a location strategy that will help identify the geographic areas that chargers can be located that meet the outcomes desired by the City. For example, workplace charging can be prioritized if charger utilization is important – and the location map will show how these chargers can be prioritized geographically throughout the city. The final location map will be a “bubble” map that identifies the number of ports within key areas of the city. This can be coordinated with up to three goals and compiled into overlapping “bubbles” that indicate quantities of chargers by overall geographic location. This data will be compiled in GIS and shown as a static graphic within the Plan. The assumptions and GIS map package will be made available to City staff once completed.

The executive summary will be professionally produced with high quality visuals and layout up to five (5 pages) in length. The final report will consist of the information presented through PowerPoint presentations summarizing Tasks 2-7. Analytical tools developed as part of the project will also be documented. It is assumed that the document will undergo two rounds of revision. The report will be developed and optimized for electronic distribution. While no printed copies are anticipated, an unlocked PDF will be provided so that printed materials may be generated from the electronic document if desired.

The following provisions apply to all federally assisted non-construction contracts over \$2,500 (29 CFR 5.5 (b)).

- (a) Overtime Requirements: No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any work week in which he or she is employed on such work to work in excess of forty hours in such work week unless such laborer or mechanic received compensation no less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such work week.
- (b) Violation; Liability for Unpaid Wages; Liquidated Damages: In the event of any violation of the clause set forth in subparagraph (b)(1) of 29 CFR Section 5.5, the Contractor and any subcontractor responsible thereof shall be liable for unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in case of work done under contract for the District of Columbia or a territory, to such district or such territory), for all liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (b)(1) of 29 CFR Section 5.5 in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard work week of forty hours without payment of overtime wages required by the clause set forth in subparagraph (b)(1) of 29 CFR Section 5.5.
- (c) Withholding for Unpaid Wages and Liquidated Damages: DOT, FTA, or DPTS shall upon their own action or upon written request of an authorized representative of the Department of Labor withhold, or cause to be withheld, from any monies payable on account of work performed by the Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (b)(2) of 29 CFR Section 5.5.
- (d) Subcontractors: The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in above paragraphs under the heading of Labor Provisions and shall also require subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in the paragraphs of this section.
- (e) The requirements of the clauses contained in 29 CFR Part 5.5(b) or (a) through (d) above are applicable to any contract subject to the overtime provisions of the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR Part 5.1. The Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this paragraph shall be made available by the Contractor or the subcontractor for inspection, copying, or transcription by authorized representatives of DOT, the Department of Labor, FTA, or the City. The Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

## 23. Intellectual Property

### 1. Patent Rights

(a) in accordance with 37 CFR 401, if any invention, improvement or discovery of the Contractor or subcontractors, if any, is conceived or first actually reduced to practice in the course of or under this Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Contractor and subcontractors, if any, agree to notify DPTS, the Illinois Department of Transportation, and the Federal Transit Administration immediately and provide a detailed report. The rights and responsibilities of DPTS, the Contractor, its subcontractors, if any, the Illinois Department of Transportation, and the Federal Government with respect to such invention, improvement, or discovery will be determined in accordance with applicable Federal and State laws, regulations, policies, and any waiver thereof.

(b) The Contractor and its subcontractors, if any, agree to include this intellectual property section in its contracts for planning, research studies, development, or demonstration under this Project.

### 2. Rights in Data and Copyrights

(a) The term “subject data” used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under this contract. The term includes graphic or pictorial delineation in media such as drawings or photographs, text in specifications or related performance or design-type documents; machine forms such as punched cards, magnetic tape or computer memory printouts; and information retained in computer memory. Examples include, but are not limited to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term does not include financial reports, cost analyses, and similar information incidental to project administration.

(b) The following restrictions apply to all subject data first produced in the performance of the contract:

(i) Except for its own internal use, the Contractor and its subcontractors, if any, may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the contractor or subcontractors, if any, authorize others to do so, without the Government’s written consent, until such time as the Government may have either released or approved the release of such data to the public; this restriction on publication, however, does not apply to agreements with academic institutions.

(ii) As authorized by 49 CFR Part 13.96, the Government reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for Federal and State Government purposes:

- a) Any subject data developed under a grant, cooperative agreement, sub-grant, sub-agreement, or third-[party contract, irrespective of whether or not a copyright has been obtained; and
- b) Any rights of copyright to which a grantee or a third-party contractor purchases ownership with Federal or State assistance.

(iii) When the Government provides assistance to a Grantee for a project involving planning, research, development, or a demonstrations, it is generally the FTA and the Department's intent to increase the body of mass transportation knowledge, rather than to limit the benefits of the Project to those parties that have participated therein. Therefore, unless the FTA or the Illinois Department of Transportation determine otherwise, the Grantee of Government assistance to support planning, research, or development, or a demonstration of project financed under the Acts, as amended, understand and agrees that, in addition to the rights set forth in subparagraph(b)(2) of this Patent Rights section, the Government may make available to DPTS and/or any third-party contractor, or third-party subcontractor, with the Government's license in any copyright to the subject data derived under this contract. In the event that such a Project, which is the subject of the contract is not completed for any reason whatsoever, all data developed under that Project shall become data defined in subparagraph (ii)(a) of this Patent Rights section and shall be delivered as the Government may direct. This subsection, however, does not apply to adaptations of automatic data processing equipment or programs for DPTS's use, which costs are financed in whole or in part with Government assistance for transportation capital projects.

(iv) Unless prohibited by state law, the Contractor and its subcontractors, id any, agree to indemnify, save, and hold harmless the Government, their officers, agents, and employees acting within the scope of their official duties, against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor or its subcontractors, if any, of proprietary rights, copyrights, or right of privacy arising out of the publication, translation, reproduction, delivery use, or disposition of any data furnished under this contract. However, the Contractor and its subcontractors, if any, shall not be required to indemnify the Government for any such liability arising out of the wrongful acts of employees or agents of the Government.

(v) nothing contained in this Patent Rights section pertaining to rights in data shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the City, the Department, and FTA under any patent.

#### **24. Titles**

The Parties agree that the titles of this Agreement are inserted for convenience of identification only and shall not be considered for any other purpose.

## **25. National Intelligent Transportation Systems (ITS) Architecture and Standards**

To the extent applicable, the Contractor and its subcontractors shall comply with the National Intelligent Transportation Systems (ITS) Architecture and Standards as required by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), as amended by the SAFETEA-LU Technical Corrections Act of 2008, Pub. L. No. 110-244, June 6, 2008, 5307©, 23 U.S.C. 512 note, and the provisions of FTA Notice “FTA National ITS Architecture Policy on Transit Projects,” 66 Fed. Reg. 1455 et seq., January 8, 2001 and any subsequent further implementing directives.

**SUBJECT:** Resolution Accepting the Bid of Homer Tree Care, Inc. for Lake Embankment Tree and Shrub Removal

**SUMMARY RECOMMENDATION:**

City Council is asked to authorize the execution of a purchase order between the City of Decatur and Homer Tree Care, Inc. for Lake Embankment Tree and Shrub Removal along south side of U.S. Route 36 for their low bid price of \$79,500.00.

**BACKGROUND:**

The trees and brush along U.S. Route 36 next to the lake are being removed to open up the view of the Lake and remove undesirable vegetation. See attached map for the location. Past City Councils have requested that these major transportation routes be cleared of the trees and brush that block views of the Lake. This has been an annual project for many years. Much of this area is ripped so the reestablishment of ground cover is not a concern. Staff consulted with the Macon County Conservation District and it was determined that this location is not favorable for native plant restoration due to the steep slope of the terrain.

Bids were sent out by the Purchasing Division on July 6, 2023. Two bids were received with Homer Tree Care, Inc. submitting the lowest bid price. The contractor did submit minority requirements. The removal of trees and brush is not prevailing wage work according to Prevailing Wage Act guidelines.

**POTENTIAL OBJECTIONS:** None foreseen.

**STAFF REFERENCE:** Matt Newell, Public Works Director, 424-2747. Keith Alexander, Water Production Manager, 424-2863. Jennifer Gunter, Watershed and Lake Manager, 424-2834. Matt will be present at the Council meeting.

**BUDGET/TIME IMPLICATIONS:**

This project is an annual expense in the Lake Services operating budget. The low bid came in \$19,500 over the budgeted amount however the Lake Services budget can absorb this additional expense due to underspending in other categories.

**SUBJECT:** Resolution Approving Expenditure of City Funds for Implementation of Office 365 Exchange Online with Presidio Networked Solutions Group, LLC

**SUMMARY RECOMMENDATION:**

Staff recommends that the City Council approve the attached resolution authorizing the City Manager to pay an invoice in the amount of \$21,675 to Presidio Networked Solutions Group, LLC work completed to implement and migrate Email Data to Microsoft Exchange Online.

**BACKGROUND:** On June 3, 2022, The City approved an Office 365 Migration Statement of Work (attached for your reference) to complete an Email migration of City Email System from an on-premise server to Microsoft's Cloud solution called Exchange online. This project was budgeted for completion and final payment was to be made in fiscal year 2022. Circumstances beyond the City's control delayed this project, and it was not fully completed until July 2023.

Therefore, the final milestone payment was not paid in 2022 and is now presented for payment in 2023. Since this item was not specifically spelled out in the fiscal year 2023 budget, it is being presented to you today for payment authorization.

- At that time Client has five (5) business days to review and request changes for the final document. If no written response is received from Client within five (5) business days, either accepting or requesting changes, then the deliverable material shall be deemed accepted.
- Deliverable documentation may be delivered via email, uploaded to a portal, or provided on a physical media and it may be provided in either an encrypted or unencrypted format. If Client requests a specific delivery method and format, Presidio will use that method for all documentation delivery and format otherwise, the sender will choose a delivery method and format that they feel is appropriate given the content of the documentation.

## 2.4. Project Management

Presidio will provide a Project Manager (PM), who will be single point of contact for all project support issues within the scope of this project. The PM is experienced in project management best practice methodologies and familiar with the technology involved. This Project Manager is responsible for timely completion of the scope, schedule and budget utilizing Presidio's Project Management Method. Included for our standard Project Management offering for this engagement are the following:

- Remote kickoff meeting
- Planning and design session facilitation
- Deliverable/milestone tracking (High-Level Plan)
- Resource scheduling and oversight
- Escalation facilitation
- Working calls as required
- Regularly scheduled status meetings
- Agenda, meeting minutes and risk/issue/action item tracking
- Scope/budget Management
- Project closeout

## 2.5. Project Change Request Process

Any items that are determined to be outside of this Scope of Work and deliverables defined must be submitted with a Project Change Request Form. No work outside of this Scope of Work will be undertaken without written approval and processing of a Project Change Request.

In the event that both Presidio and Client agree to a change in this Statement of Work, a written description of the agreed upon change will be prepared using a Project Change Request (PCR) form, which both parties must sign. The PCR form will be used to describe the change, the rationale for the change, and to specify any change in the scope, schedule or budget. The terms of a mutually agreed upon Change Authorization will prevail over those of this Statement of Work or any previous Change Authorization.

Modifications in project scope including but not limited to the following will require a change order:

- Customer requested changes in outcome, approach, features, or capabilities.
- Additional required tasks discovered through the planning and design review, but not mentioned in this SOW or changes to the design after the Sign-off of the design phase and/or during the implementation phase.
- Upgrade, modification, or repair of equipment or applications to effectively deploy this scope.
- Changes required to existing infrastructure components, not called out in this Statement of Work including patching and/or reconfiguration.
- Remedial work for the resolution of issues which existed prior to the installation (bad cables, lost passwords, third-party solutions, and so forth).
- Defective equipment provided by Client and integrated into the solution requiring additional diagnostic troubleshooting and/or remediation.
- Troubleshooting issues due Client changes to configurations made "after" releasing the system or "after" a specific milestone completion in a multi-site phased deployment
- Delays due to issues relating to site preparation that result in delays to the project.
- Delays in responding to scheduling requests, acceptance requests, and requests for information.
- Insufficient notice of a schedule change. If 24-hour notice is not provided charges may be applied.

### 3. ASSUMPTIONS

Presidio makes the following assumptions in developing this Statement of Work. These assumptions serve as the foundation to which the project estimate, approach and timeline were developed. By signing this SOW, Client agrees that these assumptions are correct and valid. Any changes to the following assumptions must be processed using the Presidio Change Management Process and may impact the project duration and labor requirements.

#### 3.1. General Assumptions

The following project assumptions are made and will be verified as part of the engagement:

1. Client has read and agrees with all items contained or omitted within this Statement of Work.
2. This SoW supersedes any previous scope discussion or agreement including "Vision Deck" PowerPoint proposals, emails, or verbal communications.
3. All Presidio activities will take place during normal working hours (Monday through Friday, 8:00 a.m. to 5:00 p.m., excluding holidays) unless noted as "Off Hours" in this SOW.
4. Any items or tasks not explicitly listed as in-scope within this SOW are considered to be outside of the scope and not associated with this SOW and price.
5. If integration of the product is performed at a Presidio facility, then transfer of ownership (acceptance) occurs upon the receipt and integration of goods at Presidio, regardless of shipment, as manufacturers will not accept returns of opened products.
6. Presidio will not be held responsible for troubleshooting networks, applications and/or hardware if Client has no formal change management documented processes and policies
7. Presidio may engage subcontractors and third parties in performing a portion of this work.
8. Presidio will not make changes to the configuration of any network equipment after it has been installed and tested.
9. Some activities included in this project may be performed on Presidio's premises.
10. Not all features or functions of the installed system are included in the scope of this engagement
11. Presidio reserves the right to modify the approach outlined within this SoW if it does not alter the timeline or overall outcome of the engagement.
12. Presidio will configure the systems outlined within this Statement of Work, with a unique set of authentication credentials, unless otherwise provided by Client. Upon the completion of the engagement, Presidio will provide Client with all user names, passwords, and additional authentication information that were implemented during the engagement. Presidio strongly recommends that these credentials be changed upon the completion of the engagement.
13. All work will be performed remotely. Utilizing WebEx as a VPN solution is out of scope. If Presidio has no other option, Presidio will issue a Change order to add additional funds to the project to accommodate the use of WebEx as a VPN solution.
14. Hands-on configuration of Barracuda email security is not included in this scope of work.
15. Hands-on configuration of GFI archiving is not included in this scope of work.

#### 3.2. Client Responsibilities

The following items are listed as responsibilities of Client for this engagement. Client is responsible for performing the items and activities listed in this section or arranging for them to be performed by a third-party if appropriate.

1. Provide a single Client point of contact with the authority and the responsibility of issue resolution and the identification, coordination and scheduling of Client personnel to participate in the implementation of the SOW. Without a single Client point of contact, a Project Change Request may be required for the additional effort by Presidio.
2. Participate in any required design sessions or workshops.

3. Provide or procure all appropriate hardware, software, licensing and media required for implementation of the SOW.
4. Supply current equipment configuration for review if applicable.

9. Provide to Presidio all required IP addresses, passwords, system names, and aliases.
10. Validate the site readiness prior to the dispatch of Presidio personnel to perform the services being contracted.
11. Provide adequate facilities for the installation of the hardware. This includes all necessary peripheral hardware (KVM ports or monitors, keyboards, mice, network access, etc.) as well as electrical and spatial needs and required antivirus software.
12. Provide high-speed access to the Internet for verification of device support requirements and for software downloads.
13. Verify operation of the installed/upgraded equipment per the predefined Verification Plan.
14. Provide Presidio administrator access on appropriate devices for the completion of the engagement.
15. Complete all Client installations where required in accordance with Client PC requirements for the new application versions.
16. Provide remote access for troubleshooting and configurations related to the project - preferably VPN access, as necessary.
17. Provide requested documentation or information needed for the project within two (2) business days, unless otherwise agreed to by all parties.
18. Client workstations have Office 2016 or later installed, fully patched and Outlook in cached mode

20. Client is responsible for any client desktop or device issues/reconfiguring.
21. Client will procure any third-party SSL/TLS certificates needed for this effort.
22. Client is responsible for any compatibility issues with 3rd party Outlook add-ins that their users may be using with or without IT knowledge.
23. If the Client wants assistance converting Public Folders to Shared Mailboxes/Shared Calendars, Presidio will handle on a time and materials basis outside of this scope of work.
24. If the Client wants third-party archives migrated, they will be responsible for any message hydration into Exchange or Presidio will handle on a time and materials basis outside of this scope of work.
25. Client Apple/Mac workstations have Office 2016 (or a newer version) installed and Outlook in cached mode.
26. As the trusted advisor for performing services delivery for this engagement, the client will assign Presidio the appropriate Microsoft Cloud designation for the workloads inclusive in this statement of work including Customer Partner of Record (CPOR), Digital Partner of Record (DPOR), FastTrack Ready Partner (FRP) and Partner Admin Link (PAL) status. Presidio requires this linkage to maintain Microsoft partner statuses and reporting for the following benefits to our customers such as: Access to customer funding programs, providing no-cost guidance to customers for specific workloads, access to pre-release information to educate our clients, access to internal Microsoft resources and programs that are beneficial to our customers.

27. Client is responsible for implementing a backup strategy for any new servers implemented as a part of this project prior to the start of any migrations.
28. Client is responsible for the base Operating System (OS) server builds. Servers built by the customer for this project will be provided with the base OS loaded, on the latest Service Pack, and fully patched. They will have permanent static IP addresses and the permanent names assigned, such that these will not be changed until after project acceptance and close-out. Servers will be built cleanly from unaltered Microsoft ISO images. If deployed from a template or cloned the template must be an unaltered base OS image and properly generalized using the SYSPREP utility prior to use in this engagement.
29. Client is responsible for subsequent patching and maintenance on servers and applications have been deployed as a part of this project.

## 5. TERMS AND CONDITIONS

The following terms and conditions shall govern this Statement of Work (SOW) unless a valid Master Services & Product Agreement between the parties, if any, for professional services has been executed and is in force at the time any SOW is executed; in which case the terms of the Master Services & Product Agreement shall govern to the extent that they are inconsistent with this SOW.

1. Purchase Orders, Invoicing, Payment and Acceptance. Unsigned, electronically submitted purchase orders shall be deemed to include CLIENT's electronic signature and shall be binding to the extent accepted by PRESIDIO. Further, CLIENT represents that PRESIDIO can rely on such CLIENT signature for payment.

PRESIDIO shall invoice CLIENT for the Services in accordance with the terms stated in the SOW. The price included herein reflects a 3% discount for payment by cash, check or wire transfer. This discount will not apply in the event that CLIENT pays using a credit card or debit card.

CLIENT shall make payment to PRESIDIO within thirty (30) days from the date of invoice. Except for taxes due on PRESIDIO's net income, CLIENT shall pay all taxes. Unless otherwise indicated in this SOW, Projects shall be deemed accepted upon the earlier of PRESIDIO's receipt of a signed Milestone Completion and Acceptance document which has been signed and dated by an authorized representative of CLIENT, or ten (10) calendar days from the date of the delivery of the milestone deliverable. If acceptance is refused, Client shall provide, in writing to PRESIDIO, its reasonable basis for refusal, prior to the expiration of the Ten (10) calendar day period. PRESIDIO shall address the issue before subsequent work is undertaken.

THE PASSAGE OF THE THIRTY (30) DAY PERIOD AFTER COMPLETION OF THE SERVICES WITHOUT THE NOTIFICATION DESCRIBED HEREIN SHALL CONSTITUTE CLIENT'S FINAL ACCEPTANCE OF THE SERVICES. TROUBLESHOOTING AND RECONFIGURATION DUE TO CHANGES TO THE CONFIGURATION BY CLIENT AFTER DELIVERY WILL REQUIRE THE PREPARATION OF A BILLABLE CHANGE ORDER AND PRESIDIO WILL USE ITS BEST EFFORTS TO PROVIDE ANY ADDITIONAL SUPPORT THAT MAY BE REQUIRED THEREAFTER ON A TIME AND MATERIALS BASIS AS SOON AS RESOURCES ARE REASONABLY AVAILABLE. PRESIDIO MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

2. Intellectual Property. CLIENT acknowledges that PRESIDIO, its vendors, and/or its licensors retain all patents and/or copyrights in and to all proprietary data, processes and programs, if any, provided in connection with Services performed hereunder; any PRESIDIO software provided to CLIENT as part of the Services provided shall be subject to the vendor's, licensor's or OEM's copyright and licensing policy. To the extent such software is prepared by PRESIDIO, it is provided by nontransferable, nonexclusive license for CLIENT'S internal use only, subject strictly to the terms and conditions of this Agreement, and shall terminate upon termination or expiration of this Agreement. CLIENT shall not duplicate, use or disclose for the benefit of third parties, reverse engineer or decompile any such software.
3. Confidential Information. The parties agree that Confidential Information means any information disclosed by the disclosing party to the receiving party, either directly or indirectly, in writing, orally or by inspection of tangible objects (including without limitation documents, prototypes, samples, plant and equipment, "CLIENT" lists or other "CLIENT" information not known to the public), which is designated as "Confidential," "Proprietary" or some similar designation, or is the type of information which should reasonably be recognized as Confidential or Proprietary. PRESIDIO'S ENTIRE LIABILITY AND CLIENT'S EXCLUSIVE REMEDY FOR DAMAGES FROM ANY CAUSE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, NONPERFORMANCE OR MISREPRESENTATION, AND REGARDLESS OF THE FORM OF ACTIONS, SHALL BE LIMITED TO THE AMOUNT WHICH HAS BEEN ACTUALLY PAID TO PRESIDIO BY CLIENT FOR SERVICES AND/OR PERFORMANCE HEREUNDER. 7. **Choice of Law and Venue.** The parties will attempt to settle any claim or controversy arising under this SOW through consultation and negotiation in good faith and a spirit of mutual cooperation. This SOW and all matters relating thereto shall be governed exclusively by the substantive law of the State of Michigan. Any dispute relating directly or indirectly to this SOW or any other contract or agreement between the parties which cannot be resolved through the process of consultation and negotiation shall be brought in a court of competent jurisdiction in Kent County, Michigan, that being the exclusive venue for any dispute between or any claims held by any of the parties to this SOW.
8. **Miscellaneous.** This SOW constitutes the entire agreement of the parties and supersedes all prior written or oral agreements, representations and understandings relating to the subject matter hereof, with the exception of a valid Master Services and Product Agreement between the parties under the terms of which this SOW shall be incorporated. This SOW shall not be amended or modified except by written instrument signed by the parties. Should additional work beyond the scope of the Services detailed herein by PRESIDIO be requested by CLIENT, fees for such additional Services will be negotiated with CLIENT prior to performing such work and will be memorialized in writing between the Parties by utilizing a Project Change Request form ("PCR") or an additional SOW as appropriate. **RE:** Resolution Authorizing The Purchase Of Property Located At 1570 W.  
Forest Avenue, In Decatur, Illinois

---

This item advances neighborhood revitalization through additional building rehabilitation. The City has accepted other properties like this one through its partnership with Land of Lincoln Credit Union in the recent past.

The City uses this strategy when it acquires vacant derelict houses that can be rehabbed in urban core neighborhoods in Decatur. This will be the first such acquisition in the West End neighborhood, but the City will continue to provide a pipeline of houses to the landbank to rehab, and more partnerships are being cultivated to scale up this work. (e.g., with Habitat for Humanity, the Land Bank, and others). Beyond minimal acquisition costs, the City will also provide ARP funds to purchase materials and cover expenses related to the rehabilitation of houses.

This particular house is intended to serve as a classroom for the Richland Community College construction and trades program. The local Trades & Labor Council will act as project manager and will bring in local licensed contractors to provide training and support to student programs and pre-apprenticeship programs.

Besides rehabbing old homes, this strategy provides hands-on training and develops marketable skills for the local labor force. Upon successful completion of the rehab, the City, CICD and LLCU will seek out new first-time home buyers for these houses. This program will provide new opportunities for our severely rent burdened residents to have a chance at home ownership and wealth generation. It also allows us to rehab structures and thereby keep them off our demo list. This program will run in parallel with, and be complimentary to, all of the other residential rehab programs utilizing ARP funds allocated for housing rehabs.

**TO:** Lisa Gregory, Mayor Pro Tem

**FROM:** Scot Wrighton, City Manager  
Shane Brandel, Chief of Police

**SUBJECT:** Resolution Authorizing Contribution to Decatur-Macon County Area Crimestoppers

**SUMMARY RECOMMENDATION:** It is the recommendation of the staff that the resolution be approved.

**BACKGROUND:**

As part of the DCEO/City of Decatur Community Development & Violence Prevention Grant, the City indicated it's intent to contribute \$25,000 to Decatur-Macon County Crimestoppers to help pay for tips that lead to arrests in felony crimes. Crimestoppers is a nationally recognized program and has been in Macon County since 1984. The Decatur-Macon County Crimestoppers has helped solve over 2000 cases and has paid out close to \$400,000 in reward money.

Currently, Crimestoppers will pay up to \$2500 for a tip that leads to a felony arrest. The funding for Crimestoppers is critical to helping police solve crimes and reduce violence in the city.

**PRIOR COUNCIL ACTION:** The City Council has already approved the City-State agreement for the grant, and this expenditure is already a part of the approved grant budget. However, this expenditure is not included in the city's adopted budget and it is over the city manager's expenditure authority, so council approve of this specific grant component is required.

**BUDGET/TIME IMPLICATIONS:** This expenditure is part of the DCEO/City of Decatur Community Development Violence Prevention Grant. The general fund will provide the initial funding, and the City will then be reimbursed through the grant.
